

REGISTRATION FORM | YOUNG ACTORS GUILD | SUMMER 2017 FIVE WEEK CENTER STAGE PROGRAM : JULY 5 – AUGUST 4 (show dates through August 6)

Held on the RPI Campus at the Playhouse and Mueller Center

The Young Actors Guild of the Capital Region is entering our 28th year, teaching the performing arts to students ages 7-18. The Young Actors Guild's mission is to provide a safe, supportive, and non-competitive environment in which, through participation in theater arts, young people can develop strong self-esteem, self-confidence, and valuable life skills.

Yearly the program serves approximately 225 children from over 40 Capital Region public, independent, and parochial schools. Classes in acting, singing, movement, and dance are offered and students have the opportunity to perform in one or more professionally done productions following each session.

Come join us for another awesome summer of theatre! This summer's shows will be chosen based on registration. Students will be grouped according to age for classes. Here is a sampling of some of the courses we may be offering this summer:

Acting and Theatre: Our Acting Workshop gives participants an understanding of the skills required to stage and perform in successful productions. The curriculum is designed to develop the skills and knowledge necessary for the many faceted discipline of theatre arts including pantomime, speech and diction, and improvisation.

Musical Theatre Appreciation: Our Musical Appreciation Course is an activity and fun-filled course where the participants are involved in activities related to watching and critiquing musical theatre and listening to and talking about songs. During the course, participants will engage in all kinds of musical theatre from different genres and songs which have been carefully selected by the instructor.

Dance and Movement: Our students study different styles of dance. Each class will begin with a ballet warm-up and then the instructor takes the participants through a series of movement, combination, and leaps. This class includes a variety of appropriate musical genres. Each class then prepares a dance performance to be staged for our end of program "Informance."

Music Theory and Voice: Our music class concentrates on two main skills. The first is composition and theory which many students have not had the opportunity to study, and the other is voice. Our voice classes concentrate on appropriate posture, breathing and of course the joy of singing. Each class aims to produce some music stylings, to be performed at our "Informance."

Stage Combat: Stage Combat is a specialized technique in theatre designed to create the illusion of physical combat without putting the actors at risk of personal harm. This is all staged while looking realistic and spontaneous to the audience.
